## Kick Off Dinner Tuesday

Earl Smith Believes  
Membership Drive  
Is Sure of Success

Kick-off meeting in the campaign to increase the membership of Palm Springs chamber of commerce by at least 200 percent is scheduled in the auditorium of American Legion Hall Tuesday at 8 p. m. It was announced yesterday.

Change in the meeting place, according to George Clarke, general chairman, from the Fiesta House to the Legion is due to the inadequacy of the former place to seat the large groups that have been attending sub-committee meetings. Nine different group meetings were held this week.

ACCORDING to Earl J. Smith, campaign counselor, indication is that the drive for new members this year will be a huge success. Smith based his prediction on the manifest interest of so many interested businessmen during meetings held this past week.

"I have always felt that Palm Springs is the top desert resort in the country and with the interest shown by town-people so far, I believe the Village is going to remain that way," Smith said.

All co-chairmen of the nine sub-groups, along with group captains, are requested to attend the meeting Tuesday night at the Legion, Clarke said.

## Plan to Protect Desert is Given Speedy Support

Creation of a desert-wide organization opposed to building heavy industry in that area from Banning to Blythe, is being accomplished rapidly, it was said yesterday.

Preliminary meeting of residents and farmers throughout the area have already been held with a final organizational meeting to take place at the Desert Magazine plant next Monday.

## This Side Of The Sun

The shades of night were falling fast  
As down Palm Canyon drive they passed  
—A banner with a strange device.  
But of small value was that sign  
No one in town could read a line—  
The lights we have do not suffice.

That's another double portion—it takes care of the GULLS (Give us Lights, Lickety-Split) and it starts Longfellow, H. W. spinning... A short time ago I got Ascor turning over and said that if they hooked a generator to him they'd solve the power shortage and the clocks would go back to standard time... With Henry rolling, too, we have a twin-motor effect.

AND I WANT to thank Virginia Colville of the Palm Springs Book shop and Dorothy Bear of the Welwood Murray Public library... I had both of them thumbing reference books... Seems I spent too much time in high school writing parodies on the beautiful poems instead of remembering who wrote them... The parodies cannot be used... Arthur Bliss Knott says he's going to sue Arthur (middle name unavailable) Godfrey... Some time ago Knott started a movement to end laughing on radio programs... Takes up too much time, he said, let the listeners outside do the laughing... Last week Godfrey promoted the same idea... "It's my idea," said the Villager... "I've got it Konkynrighted."

STOOD at Amado and the Drive the other day waiting for that tenth motorist to stop so I could cross... He didn't... Was wishing that a police car would come along... Just then one did... It didn't stop, either... The town has been full of FSP the last few days... They've ranged the country from the depot to Indio... From A. T. Mercer, president, to the daily work train... Among them was Charley Littler, publicity man... He had one of those hand-some new folders which the FSP puts out listing the pleasures of a Palm Springs vacation... He meant that the vacation started the moment you got on one of

## Martel Resigns As Councilman From District 2

Ted Martel, in his second term as councilman from Precinct Two, resigned yesterday.

In a formal letter to Mayor Charley Farrell and councilman, read at council session Wednesday, Martel expressed regret over his decision to resign and attributed his action to ill health.

Name of a successor to the vacant position was not made. Councilman Tom Kieley said that council at present has a person under consideration for the vacancy.

It was unofficially known for sometime that Martel planned to resign from his seat on the council. It is known that he planned to resign two years ago but was persuaded to run for re-election.

Early last month Martel entered the Palm Springs Community hospital where he underwent major surgery. He is reported on the road to recovery now.

The letter, read by Mayor Farrell, asked that his resignation be accepted immediately. In a resolution voted by councilmen the resignation was "regretfully accepted."

## Widen Scope of Annual Yule Decoration Contest

An increase in the number of prizes and inclusion of hotels and apartments in a special division of the competition were new features of rules for the second annual Outdoor Christmas decoration contest announced today by Palm Springs Garden club.

Details of the popular Yuletide event were worked out by the committee in charge at a meeting this week at the home of its chairman, Mrs. Ernest Alschuler. Others on the committee are: Mrs. George Manning, Mrs. Charles Phillips, Mrs. Frank Camp and Horace Pendery.

The competition is open to all residents of Palm Springs and no formal entry is needed; judges will tour the city on two nights for the judging, Dec. 27 and 28, and prizes will be awarded the premises selected as the best. Plants will be given as prizes.

Three features of the decorations will be judged. These are: most beautiful tree, front yard decoration and house decoration.

To facilitate the judging the city is divided into five districts.

Hotels and apartments will be in a special class to themselves, with homes in the other division. Prizes will be awarded winners in this division on the same basis as in the home judging.

Mrs. Alschuler urged all residents of Palm Springs to enter into the spirit of this holiday event which proves a delight to thousands of visitors as well as to the people. Local stores are well stocked with strings of colored lights, she reports.

# County-Wide Zone Law May Replace Local Act

## Mail it Now Postmaster's Appeal Today

Dec. 10 Last Day  
To Make Sure of  
Pre-Yule Delivery

With only 18 days left before Christmas, Postmaster R. M. Gorham today appealed to all Villagers to mail their greeting cards and gift packages as soon as possible.

"If you postpone mailing until the last minute this year," he warned, "you risk disappointing your friends because an even heavier flood of Yuletide mail is expected this Christmas than during the record breaking holiday season of 1947."

THE POSTMASTER pointed out that 15,581 pieces of mail went through cancellation machines last year.

He urged that all packages should be mailed before December 10 to assure delivery before Christmas Day. Christmas cards for out-of-state delivery should also be mailed by December 10, he added.

The post office is already making emergency preparations to meet the Christmas rush. Before the tide of packages and mail reaches a crest, ten additional employees will be added to the force, Gorham said.

HE ALSO WARNED that parcel post packages cannot be accepted unless stoutly wrapped and advised shippers to lay in supplies of heavy cardboard, sturdy outer paper, heavy cord and printed fourth-class labels. Packages should be 70 pounds in weight and must not measure more than 100 inches in length and girth combined. The address should be repeated inside the outer wrappings.

"Do your Christmas shopping early and mail your packages as early as possible," reiterated the postmaster.

The more cooperation you give the post office, the more certain you'll be that your packages get to their destination on time."

## Bering Notice Is Unopposed

Lee Bering's application for a permit to sell beer, wine and distilled spirits at the former Pago Pago, went unopposed Wednesday.

Given Authority  
To Enforce Rules

Placards will be posted on the Indian Reservation this month announcing Riverside county's intention to enforce state and county health and sanitation laws, it was announced yesterday.

Supervisors, in session Monday gave Dr. Robert Westphal, county health officer, authority to post notices of intention for a general housecleaning on Indian reservations in the county. ## Fear Santa To Lose Face In Village

Villagers had better get busy or there are going to be a lot of youngsters who'll lose their faith in Santa Claus.

So said Mrs. Jimmie Briody, chairman of the Palm Springs Business Women's Christmas Tree committee yesterday.

The club annually takes care of the community tree at Frances S. Stevens school and depends on Villagers to help out with donations to the expense fund. There's a lot of candy and like items to buy and the bill runs up. Each year there are more children around that tree.

Make your donations to the Business Women's Christmas Tree fund now, was her appeal.

## Captain Gubbins, Local Hotel Man, Taken Suddenly

Although Palm Springs was thousands of miles from the nearest battle field during World War II, injuries incurred by ex-Captain John Gubbins, 36, in the line of duty at the Palm Springs airport, resulted in his death yesterday morning.

Gubbins, who acted as test pilot for more than 18 months at the former army air base, collapsed and died at 5:30 a. m. yesterday after efforts by doctors to save his life failed. He had only recently assumed the management of El Morocco hotel.

DIRECT CAUSE of his death will be determined by autopsy today or tomorrow. Attending physicians believe that Gubbins died of a collapsed lung brought about by too rapid a decompression or the "bends," as it is known, when testing airships at the army air base before they were ferried overseas for combat in the skies over Europe and the Pacific. He was sent to Torrey General hospital in Los Angeles from that time on until 1945 when he was discharged as totally disabled, the best doctors in the country failed to cure Gubbins.

Ex-Majors Hal Williams and Lee Bering, who soldiered with Gubbins, were shocked to hear of his sudden death.

FUNERAL SERVICES at Wiefel's mortuary here Saturday afternoon, will be followed by cremation. The deceased is survived by his wife, Lili, and mother, Mrs. Lena Gubbins.

"John loved Palm Springs," said Williams. "It was out at that airport where he, like others, did his utmost during World War II. This was his paradise and he wanted his ashes scattered over the airport. It was his last wish. You can't turn a guy like Johnny down, you know."

## Jail or Elsewhere, He Takes Elsewhere

## The PUBLISHER'S Corner

MORE GOOD PUBLICITY... for Palm Springs. This month it's an eight page feature in House Beautiful (December issue) on Paul Trousdale's Tahquitz River Estates. Under the heading: "How to have a Private Estate on 105x103." Editor Elizabeth Gordon says, "Here's an idea that may well change the course of your life and thinking. Study it well." The profusely illustrated article (some in color) is directed especially to the attention of armchair dreamers, land planners, home builders, home owners, architects and real estate subdividers. The editor points out how, through the unique plan of the Tahquitz River Estates community, home owners there can have the amenities of a big estate on the 10,000 square feet of land which each occupies.

This is excellent publicity for Palm Springs. It's the kind we need; calling attention to real home living here. It will balance off the more glamorous, and somewhat over-done, articles about Palm Springs in other magazines recently. All are good publicity, but it's helpful to show that Palm Springs is leading the way in new home planning, and must, therefore, be a good place to live.

We were glad, too, to see Paul Trousdale get this recognition for the fine job he has done here on his Tahquitz community. Being a resident of Palm Springs himself (he owns a beautiful home at Smoketree) Mr. Trousdale was interested in the Village. That's our good fortune, because he is right up at the top among the nations leading home builders. He was particularly anxious to do something special for Palm Springs. He has. His project has not only provided 72 new homes for Palm Springs; it has brought us a lot of very good publicity. The kind we need. House Beautiful has a large, nation-wide circulation. It reaches a different type of people than any other medium which has carried articles about this community. It will help to attract home owners here. These are the people who will make the Palm Springs of the future.

## Intensive Last-Week Drive Launched by Chairman Kirk To Carry Hospital Election

With 11 days remaining before election day, Chairman Kenneth Kirk of the Desert Hospital district committee today mapped an intensive final-week campaign designed to carry the hospital district message to every voter and to encourage a record turnout at the polls.

The precinct organization has swung into action this week and will do its principal job next week. Question and answer folders will be mailed Monday to every registered voter within the district, and newspapers and radio are cooperating fully to spread the information.

"This is one of the most important elections ever held here on the desert, for a favorable vote on this issue insures a permanent, adequately-financed hospital such as we all know is needed here," said Kirk this week. It is expected that the hospital district would take over and operate the Community hospital.

One hundred and seventy leaders in all parts of the proposed district comprise the sponsoring committee which the chairman has enrolled for the election campaign.

He announced this week that Wilson O. Gibbs, president of Palm Springs Rotary club, has accepted the post of co-chairman for Palm Springs in place of Mrs. Harold Murphy who found it impossible to serve as she will be out of the city considerably in the next two weeks. Other co-chairmen here are Mrs. Harold Hicks and Lloyd Simon.

Three polling places have been designated in Palm Springs, one at the Red Cross building, one at the Del Tahquitz hotel and the third at the Paddock Pool building on Sunny Dunes road. The nine regular precincts of the city have been consolidated into three for this special election.

## Christmas Seal Sales Gets Away To Flying Start

First week's returns on the annual Christmas Seal Sale were encouraging according to Mrs. H. H. Menard, Seal Sale chairman for the Palm Springs area. "About 8% of those who received Seals in the mail had responded by last Saturday," she said. The total county wide return passed the \$4,000.00 mark.

"We hope that those who have not yet responded will make every effort to have their returns in before the rush of Christmas mail reaches the post office," she said.

A county wide goal of \$26,000.00 has been set to meet the growing demand for the services rendered by the Health & Tuberculosis association.

Mrs. Menard said that beginning next week Christmas Seals would be made available in booths and self seller containers for those who had not received Seals in the mails.

In a motion designed to improve waste disposal methods at the city dump, introduced by Councilwoman Ruth Hardy, City Manager William E. Alworth was ordered to make a thorough study of the problem.

Mrs. Hardy informed council that she has received numerous complaints from home owners living along Ramon road about smoke and smog that rises from the burning of rubbish at the dump.

"Furthermore," she said, paper is piled alongside the fence creating an ugly sight and should be corrected.

Manager Alworth declared the unsightliness would be cleaned up immediately but added that the rest would be costly.

## Postmaster Lists Needs For Delivery

Put Up Mail Boxes, Paint House Numbers, And Fill Out Cards

Mail delivery in the Sunny Dunes tract will start just as soon as the new street signs are up, mail boxes in place in front of each home and an address card filed with the post office.

This was the announcement yesterday by R. M. Gorham, postmaster, who suggested that the best type of mail box to buy is the kind used in rural districts.

"THEY ARE MADE of metal, are weather proof and can be locked if necessary," he said. "Don't forget to paint the street number plainly on the box or the post on which the mail box sits."

Postmaster Gorham emphasized that these little details must be taken care of before mail delivery can start.

Installation of street signs is only a part of the job, he said.

STREETS TO BE SERVED after street name-signs are installed are as follows:

Calle San Antonio and San Rafael from the 3700 block to 4299; Calle Santa Cruz, 700 to 799; Camino San Miguel, 3700 to 3899; Desert View drive and Desert Way in the 600 block; El Cielo Road from 500 block to 600; El Placer road, Highland drive and Mountain View drive in 600 block; Sunny Dunes road from the 3400 block to 4299 and East Ramon road extension from the 2300 block to 3299.

Mail deliveries to these boxes will be made once a day, Gorham said.

## Clips Hydrant And Speeds Off

Joe Leonard, 1340 Camino Amapol, Village moving contractor, is a mighty mad man.

The cause of his irritation was the sight of an automobile driver rushing into a water plug in front of his house and before Leonard could ascertain the name of the driver or obtain the car's automobile license number, the operator backed the vehicle away from the water plug and sped off in the direction of Garnet.

## Supervisors Put School District Approval on Plan For Hiking Trail Leaders to Meet On Legislation

December 13 has been set as the date for hearing on a plan for a hiking and riding trail across the county by supervisors after approving county planning commission's proposals.

The trail, part of a statewide system of such trails, would enter Riverside county from San Diego county near Aguanga, wind through the San Jacinto Mountains, cross the Coachella Valley near Palm Springs and follow Whitewater Canyon into San Bernardino county.

SUPERVISORS said they understood the state is to finance the whole thing. Such trails were authorized by state legislation in 1945.

Supervisors first considered the matter in 1946 and turned it over to the planning commission where it has been under study for the past two years.

San Diego and San Bernardino counties have taken similar action on the plan.

THE PROPOSED TRAIL on a state-wide picture will run from the Mexican border near San Diego to Oregon, forming a loop in the northern part of the state to run along the Sierra Nevada Mountains and the coast line.

They will be devoted entirely to recreation, not to be used by autos or commercial traffic. The planning commission held

Dr. A. G. Hoff, superintendent of the Unified Palm Springs school district plans to be present in Riverside sometime in December for the second meeting of the Cooperative Committee on School Finance, a state wide organization.

The meeting will seek support for its emergency legislative program dealing with ways and means of meeting the overcrowded conditions of schools in California.

Committee program to replace the 1947 school finance law, which expires June 30, would increase state support for public schools by about \$32,000,000 annually. The program also calls for an annual appropriation of \$75,000,000 the next six years to aid needy school districts in urgent school construction.

The state schedule of meetings follows:

Nov. 30, Eureka; Dec. 1, San Francisco and San Diego; Dec. 6, Redding, Chico and Los Angeles; Dec. 7, Marysville, Sacramento, San Jose Salinas, Ventura and Santa Barbara; Dec. 8, Stockton, Fresno, San Luis Obispo and Bakersfield. Dates for the Riverside, Santa Ana and El Centro meetings have not yet been set.

a public hearing on the plan several months ago but no opposition developed.

## New House Loan Plan for Rental Units Explained

A new type of FHA insurance that has for its purpose the attracting of capital into the production of rental housing for families of moderate income where no mortgage financing is involved has been newly explained by FHA officials.

This is disclosed in the report that Franklin D. Richards, Commissioner of the Federal Housing Administration, has announced the issuance of administrative rules and regulations for the rental housing yield insurance program which was written into the National Housing Act in the recent special session of Congress.

Yield insurance, it was stated, is available to individuals, unincorporated groups, corporations, trusts and other legal entities approved by the FHA. The aggregate outstanding insurance liability may not at any one time exceed \$1,000,000.000. A revolving fund of \$10,000,000 has been established for payment of claims and expenses.

Title VII of the National Housing Act authorizes the FHA to insure the minimum annual amortization charge of 2 per cent of the established investment and an annual return of 2 1/2 per cent on the outstanding investment. The term "established investment" includes all approved costs prior to initial occupancy.

The insurance is limited to economically sound projects, located in areas where the FHA Commissioner determines there

## Bank of America Employees Given Christmas Bonus

A special Christmas bonus to employees and officers of Bank of America has today been authorized by the board of directors of the bank, according to L. M. Giannini, president.

For employees with 12 months or more service the special bonus is 40 per cent of the first \$500 of the basic November salary, and 35 per cent of any salary portion above that amount. Those with a shorter period of service will receive a proportionate bonus based on the number of full months employed.

This special Christmas bonus brings the total of employee bonuses declared during the past fiscal year of the employees' profit-sharing plan to more than \$2,000,000.

## FAN FILTERS URGED

Kitchen exhaust fans lost a high percentage of efficiency due to condensation of oil from fumes on the fan blades, said C. P. Middlebrook, secretary, Builders' Control Service, Inc., Los Angeles, in recommending that housewives use exhaust fan filters for the best service.

is a need for new rental dwellings at rents comparable to those proposed for the new project.

## Building Permit Total for Month Reaches \$440,600

For the first time in three years building permits in Palm Springs will drop below six million dollars.

This was indicated in a report of permits issued for the first eleven months of this year which amounted to \$1,947,837 as compared to a 12 month total of \$6,527,330 in 1947.

Pearl Swart, building inspector said he foresaw no indication that the month of December would bring this year's total anywhere near the amount of permits issued during 1947, a difference of \$579,493.

"We'll be lucky," he declared, if we hit anywhere near a half million dollars in receipts during the month of December."

Building permits for the month of Nov. just closed amounted to \$440,600 as compared to \$338,830 for the same period last year.

Total value of permits issued during the eleven months, \$4,947,837 compares with \$5,218,940 handed out during the first eleven months of 1947, a difference of \$271,103.

Banner year in the number of permits issued was in 1946 when they amounted to \$6,661,154.

## Insurance Companies Increase Holdings

With the purchase of \$72,000,000 of real estate in the third quarter of this year, total real estate holdings of all United States life insurance companies topped \$1,000,000,000 on Sept. 30, the Institute of Life Insurance reports.

This was the first time since 1944 that real estate holdings of the life companies had exceeded the \$1,000,000,000 mark. It was stated. The September total of \$1,015,000,000 was nearly 40 per cent greater than in 1946.

## National Home Week Dates Established

The second annual National Home Week, during which companies in every phase of the home building industry will "re-orient" to the public, will be conducted Sept. 11-17, 1949, the National Association of Home Builders has announced.

Home builders in leading cities, according to NAHB, will show model homes and hold on-site demonstrations of latest building methods.

## Deadline for Voluntary Lease Agreements Dec. 31, Reminder

Area Rent Director George J. MacDonald this week outlined of the features that must be included in voluntary leases between landlords and tenants for 1949.

The deadline for such leases is December 31, 1948.

The most important provision of the leases is that they must be entered into voluntarily between landlords and tenants, he said.

Other salient features are:

1—They must be written agreements.

2—They must contain an expiration date on or after December 31, 1949—or more than 12 months from now.

3—The lease can call for an increase of up to 15 per cent in the legal maximum rent in effect on March 30, 1948, plus any adjustments granted since that date.

4—The lease must not provide for a substantial decrease in the services, furniture, furnishings or equipment.

## County Health Center Approved

Supervisors Monday approved application for state and federal funds to build a county health center in Riverside.

The action was at the suggestion of Dr. Robert Westphal, whose county health department has long suffered from cramped quarters in the courthouse.

He told supervisors that as much as \$40,000 in Federal funds might become available for a health center should the application meet approval. He had no estimates to make on the amount of prospective state aid.

### Suspicious Hotel Operator Lands Suspect in Jail

A suspicious hotel operator in the Village is responsible for the arrest of an asserted bad check passer, now in city jail.

Harry Blankenship, 24, in the city only two days is said to have passed several bad checks here. Drawn on a Los Angeles bank.

He gave a \$30 check to the hotel operator in payment for his room rent. The hotel man, his suspicions aroused, telephoned the bank only to be told that Blankenship had no account there. Sergeant Orest Johnson and Officer Harry Houghton took Blankenship into custody.

At the police station where Blankenship insisted that "there must be some mistake," he finally confessed, according to police, to passing several other checks in the Village.

Told to make his report to the fire department who may have answered a fire alarm at his home, he was further amazed to find that no such alarm had been answered.

### Village Breakfast Ride Filmed for Video Showing

Last Saturday morning Richard Vosburgh, television film expert from Los Angeles, took shots of one of Jack Boyer's rides from start to finish for later releases as a short subject slanted mainly for Eastern and Midwestern TV audiences.

Starting out with shots of rider prospects viewing an advertising billboard of the ride in one of the local hotel lobbies, the complete film will show their obtaining horses, the trip out to the scene of breakfast and other affiliated background scenery.

Further shots at the breakfast itself shows the "eggzan" sizzling the pan up to and including their consumption, then singing by the group and by special entertainers with the final ride back to the hotel.

The feature will be narrated by Don McNarara who has attained national distinction as a TV commentator. Release will be made by Telefilm Inc. to the 40-odd stations throughout the country, including one Los Angeles station.

According to Vosburgh, every large city in the U. S. will show

## Church Fund To be Aided At Big Bazaar

Paramount event of its kind in Palm Springs will be the Church bazaar, Tuesday, Dec. 7, at the Fiesta House on the grounds of the Desert Inn given by the Women's Circle of Community church.

The hours are 1:30 to 5 p. m. Nothing will be sold before 1:30. For weeks, needles have clicked and busy fingers have sewed for the big affair, committees have planned and executed, and excitement runs high as the day approaches. Pies and cakes are being baked, cookie and candies made, bright jars of jams and relishes brought out of the cupboards.

All this is happening because members of the Women's Circle and their friends have pledged themselves to help with the building fund. Everyone is doing their part in various ways. This is the first time in the church's history that the Women's circle has undertaken such a task.

Mrs. William A. Lippman is general chairman, assisted by Mrs. John G. Hormel, Mrs. George B. Davies, Mrs. Ward Hayes, Mrs. Foster C. Simmons, Mrs. John Williams, Mrs. Burt Turner, Mrs. Claude W. Gottbehuett, Mrs. Myron D. Persons, Mrs. Gordon Feeckings, Mrs. Florence Crockett, Mrs. Ross Bleimling and Mrs. James R. Fouch. The work has gone on vigorously for many weeks, and an efficient organization has been welded to produce an outstanding event. The various booths promise a variety of wares that will fill many a Christmas list.

A large number of gay colored aprons ready to slip around many waists will be shown. Mrs. Turner directs this booth, while Mrs. George B. Davies, Mrs. Bleimling, Mrs. Gottbehuett, and Mrs. Simmons lead a group offering toothsome home-made foods, consisting of delicious candies, cakes, doughnuts, nut bread, rolls, cookies, jellies, pies, baked beans and spaghetti also canned fruits of all kinds.

Hand in hand with these booths presided over by Mrs. Feeckings, Mrs. Crockett, Mrs. Williams and Mrs. Hayes, are hand-work pieces that range from silks to pot holders—pot holders you will want to hang on the wall as decorations. Several wee gadgets are waiting to be slipped onto some small space in any home. Handbags, a wonderful variety of baby clothes, embroidered tea towels also many other item of interest and value. "White Elephants" one can't resist will be displayed by Mrs. Fouch who will be assisted by Mrs. J. C. Payne, Mary Laverder, well known character analyst, will read your handwriting and tell you all about yourself, for a small donation to the cause. Tea and cookies will be served at 3 p. m. Mrs. Persons will be in charge.

## Villagers Plan Christmas Party South of Border

Dr. and Mrs. John Costello, prominent Villagers and General and Mrs. Wayne Allen of Los Angeles, left this week for Mexico.

They plan to return to Palm Springs around the first of the year.

## Portrait of the Week

BY BERNARD OF HOLLYWOOD

We've heard of fragile Canadian beauties . . . perhaps Rosemary Whiting (from north of the border) was the one who inspired the rumor. Rosemary is a model . . . but of recent months has been studying photography with Bernard.

Reason? . . . she feels that a model will last longer behind the camera than in front of it. She may be right, but we wonder if Rosemary has taken a close look in the mirror recently . . . we would predict an unlimited career facing the lens.

## Double Party Attracts Many From Village

Mr. and Mrs. Bert Malouf of Beverly Hills entertained at a gay party Friday evening in the Crystal Room of the Beverly Hills Hotel, in honor of the christening of their new baby and the birthday of Mrs. William B. Malouf, well known Villager.

Tyson with Virginia Crockett and Norma Sachett, Mr. and Mrs. John J. Baker of Glendale with Mr. and Mrs. W. B. Newell of Glendale and Mr. and Mrs. Frank Leslie of Beverly Hills.

## Hormels Attend Birthday Party

Mr. and Mrs. John G. Hormel left for Los Angeles this week to attend a birthday luncheon, given in honor of his sister Miss Elizabeth Hormel of Hollywood who celebrated her 90th birthday.

Gathered around Miss Hormel were 20 members of her immediate family.

## Circus Queen Last Spring Is Fall Bride

Marilyn McKay, daughter of Mr. and Mrs. William O. McKay and William Louis Green, son of Mr. and Mrs. J. L. Green were married Tuesday November 2 in the Chapel of the Wilshire Methodist Church.

Miss McKay was queen of the Desert Circus last Spring and has a host of friends in the Village. The young couple are spending their honeymoon in Rancho Santa Fe.

## The Merry-Go-Round

By Mary Bee

Flying over Palm Springs again are the Charles Montgomerys, back for one of their frequent but short visits. . . . Newcomers to the Evanston-Chicago colony out Sunrise Way are the Edwin Boozes, who have been spending their winters at the Huntington in Pasadena.

Lena Rogers is back after having sold her "Pink Oasis" last Spring. She has bought a new home on Buena Vista. . . . New homeowners in the Village too are Ray and Ada Dodge, coast-to-coast socialites. . . . Stopping by for a couple of days—but lingering on for a couple of weeks

—the Curtis Kings, of Miami and Glenwood Springs, Colo. They have made a host of friends who hope they will like the desert enough to stay on longer. . . . Frances Bigelow and Margaret Morrey motoring to Arizona, particularly Phoenix, where Margaret's daughter, Jean, now resides. . . . Josephine Feekings, all smiles (not a hard task for Josephine)—but this particular one over the new fur cape—an anniversary gift presented by husband, Gordon, while celebrating their first wedding anniversary at the Ambassador in Los Angeles, where they spent their honeymoon.

Billie Mosely is really happy. She may be seen almost any day taking friends out to Los Compadres tract to show them where their new home will be started next week; also stables for their two horses. . . . The George Strebels and the Rogers will be neighbors (and their horses too!). . . . The Robert Ransom-Vicki Malouf week-long birthday celebrations started with a dinner-dance given by the Bert Maloufs at the Beverly-Wilshire and ended with a luncheon Tuesday, Pearl and Joan McManus being the hostesses. Sixteen guests presented Vicki with the Five-and-Dimes very best all done up in the fanciest ribbons. A McManus party is always fun.

Mrs. Perry Johnson is back for the winter, greeting old friends and entertaining daughter Gayle, down from Anoka for the week-end with her room-mate, Nancy Nugent. . . . The James Olivers and daughters, Anne and Sue are home after three weeks in the east. . . . Producer Cliff Reid had a quick look at the Village last Sunday. (He's Paul Trousedale's father-in-law). Bob Neal in and out of the Tennis and Racquet Clubs. . . . Bill Reichel was on the flying trip to Oakland for the G.O.P. pow-wow last week-end and wishing he didn't have to leave his date grove.

### Kent Roberts To Address Club Women

Kent Roberts, lecturer, world commentator and foreign correspondent, will speak on current world affairs at the regular meeting of the Woman's Club next Monday, Dec. 6.

During the past few months Mr. Roberts has traveled throughout the world to cover the top international news developments. One of the highlights of his recent travels was a trip into Berlin on the air lift, during which his plane was forced to fly through Russian air maneuvers.

Roberts spent considerable time in France collecting material on the developing political crisis, and in England he talked with party leaders such as Prime Minister Clement Attlee and Winston Churchill.

Each year Mr. Roberts tours the world's principle news centers so that his first-hand information may be kept constantly up to date. Whether on television, the radio or lecture platform, his discussion always includes the latest national and international developments right up to the moment he speaks. The meeting is open to non-members, who may come on guest cards or an admission fee of \$1.20.

### Mrs. Moorten Heard by Club

Villager Patricia Moorten, well known as a floral design artist and desert interpreter, was the guest speaker of the day at the Nov. 18 meeting of the Woman's Club of Fontana, Calif.

**Time to  
Re-Power?**

Suppose your Buick is crowding the big figures in high mileage. Suppose you don't want to wait for that new one.

Here's a happy answer.

If your Buick is dated 1937 or later, you can make it factory-fresh as far as power is concerned with the Buick Power Package.

The "Power Package" is a completely assembled engine . . . brand-new, 1948 factory-built to the most precise specifications. It's tested, timed and ready to set into the chassis of your car.

Changing over is handled in a single operation—takes less time and often costs less than a really thorough overhaul job. More satisfaction, too, because you'll have a new factory-built engine.

Easy payments if you wish at just a few dollars a month. Come in and talk it over.

## Who'll Chip in For Santa Claus Is the Question

Which local organization will pay for the Christmas hard candy which Santa puts in the stockings of our local school children?

In times past the chamber of commerce in Palm Springs has played Santa to the entire district but now that there are 225 stockings to be made for Cathedral City, and it is felt the local organizations should take care of this expense.

Mrs. Martha Shaw, president of the school club, said that her organization would make the stockings, furnish dates and tangerines, but she was appealing to the others to help with the hard candy. The school club met Thursday afternoon in the school house and entertained the block hostesses to tea. This question came up then.

Mrs. Emma Hammill delightedly entertained at bridge Tuesday afternoon honoring Mrs. Marguerite Hillery's birthday.

## Banking Board Told Cathedral Wants that Bank

In a letter to the banking board in San Francisco, Archie Linkletter this week went on record as wishing to take a strong stand in favor of an independent bank for this community. Attached to his letter were the signatures of most of those who, due to misinformation and misunderstanding, said they had previously been led to opposing the building of the bank in the adjoining Sunair tract. After all the facts had been made clear they wanted to go on record expressing their confidence in O. A. Torgerson and give him their support in his proposed venture.

## Block Hostesses Start Activities

Reviving an almost forgotten custom of calling on one's neighbors, block hostesses, armed with letters of introduction from the Woman's club, started their second week of calls.

At their meeting Wednesday afternoon they reported on the success of their campaign to get more subscribers for The Desert Sun, more voters, and collect rummage for the Christmas fair. There seemed to be a strong sentiment that the present method of collection for sanitation service should be changed because they said that they had found so many people who were disposing of their garbage in ways other than the legal one of the pick-up service.

## Rev. Jack Wartes To be Installed As Pastor Dec. 14

Cathedral City Community church was host to Riverside Presbyterian Tuesday, in special meeting. Twenty ministers and elders of the Presbytery attended this first session of the Presbytery in Cathedral. The men expressed their appreciation of the outstanding blessings of the good warm, clear sun and the fine view from the upper part of the town. Main purpose of the meeting was to act on the congregational call of Rev. Jack Wartes to be the pastor of the church.

Rev. Wartes has been acting with a Stated Supply relationship during the year he has been at Cathedral City, which is not as permanent a relation to the church as the pastoral call that he is now receiving.

The call which the congregation prepared on October 31, was approved by Presbytery and the installation service was set for Tuesday, Dec. 14 at 7:30 p. m. Rev. Harris, of Coachella, will preside at the meeting. Dr. David MacMartin, of Beaumont, will deliver the sermon. Dr. John Robertson Macartney, Rev. Weatherall and Rev. James Blackstone, ministers of the Palm Springs Community church, will take part in the service. The choir from the Palm Springs church will offer special music. A reception will follow the installation.

Woman's Auxiliary of the Cathedral City Community church had a very delightful meeting at the home of Mrs. Edna Lass, Tuesday, November 30. Mrs. George Kerry, a guest of Mrs. Lass from Wisconsin, conducted the devotional period. Among the measures adopted at the business meeting was the decision that all the present officers will continue in office through this season. The next sewing will be held in the home of Mrs. M. Griffiths in Sunair, December 9 at 1:30 p. m.

## Cathedral Club Members Put in Busy Afternoon

Cathedral City Woman's club had a busy day last Wednesday when the board of directors met from 1 to 2, club from 2 to 4 and block hostesses from 4 to 5. The question of furnishing money to finish the Girl Scout house was brought to the board by Victoria Scherck, Youth Activity chairman. She said it would require \$150 to finish the job and as the club sponsors the Girl Scouts and are responsible for building the house, Mrs. Scherck urged that it be completed. She said that if the money was forthcoming she had the promise of ten workmen to give their labor.

The club was entertained with a book review by Miss Virginia Colville, owner of the Palm Springs Book Store and member of the club. Mrs. Mary Price, wife of the author of "Roving South," the book reviewed, thanked her for her excellent presentation and she herself told a few anecdotes of the trip.

Mrs. Doris Sprague, chairman of the Christmas Fair and the Ways and Means committee reported progress being made on the fair to be held from 2 to 10 Dec. 11, in the townhall. Members were asked to make marmalade for the sale and Mrs. Emma Ritchie brought samples of her Scotch recipe.

Club will meet Wednesday, Dec. 8 to prepare for the fair, bring in marmalade and stuffed dates and to make last minute plans.

## DESERT HOT SPRINGS

EVELYN C. KNUDSEN, Phone DHS 622

Mr. and Mrs. Frank Brinker of Los Angeles, and Miss Teresa Roberts of Riverside, were house guests of Mr. and Mrs. Marion Smith of Altadena at their Desert Hot Springs home on West 5th Street during the past week.

Mr. and Mrs. Steve Magvary of San Gabriel, their son and family, Mr. and Mrs. Irvin Magvary and daughter Maxine of Sherman Oaks week-ended in DHS at El Siesta Apartments. Mrs. Magvary brought along some pictures taken by her eight years ago when DHS was but a few scattered houses. The pool was in an open expanse of desert with no protecting buildings or bath house surrounding it as now. The Crossley Building, the L. W. Coffee residence, and a real estate office (the Dodd's) which stood at the present site of the Idle Hour, were the only edifices the Magvays could recall that existed at that time. DHS has since then developed into a fast growing resort town attracting tourists from everywhere eager to see and try our miracle healing hot mineral baths. "It is almost unbelievable," said Mrs. Magvary "that DHS has grown so fast. I wouldn't believe it if I hadn't seen it, myself."

Mrs. Louise Johnson, a very enterprising young woman has developed a hobby into a thriving business. For a number of years she enjoyed rummaging around in old houses and out-of-the-way dusty old antique shops looking for the unusual, and bits of finery, costume jewelry, and house furnishings. Mrs. Johnson then opened a shop in her home to dispose of some of her collections. On a recent visit to DHS, charmed by its possibilities, she decided to open a little shop here, and found an excellent spot in the Crossley building, corner Palm and First street. Recently, she held formal opening of "The Trading Wheel," attracting many visitors and well-wishers who came to see her unusual display of antiques, glassware, china, household furnishings, costume jewelry, leather goods and cholla-wood novelties. Charlotte Schmidt assisted in serving coffee and cake to customers and guests. Her little shop adds a distinct flavor and interest to the neighborhood.

In last week's news it was reported that an automobile driven by Pierce Kibbey had run into another automobile. It was the other way around, his parents reported this week. His automobile was run into.

Mr. and Mrs. A. J. Betts of Garden Grove, Calif., came, saw, and were conquered. Suffering with arthritis, they were both immediately benefitted by our climate and baths. They will retire here to live as soon as Mr. Betts finds it convenient to wind up his business activities.

Mrs. Marian Ratliff returned from Long Beach where she spent last week with her sons and little grandson. Mrs. Ratliff is owner of Colorado Motel on 7th Avenue.

Mrs. Prona Teiler has arrived in the village for the season and is stopping at "Sollden" owned by Mrs. Jennie Gustafson. John Linn spent Thanksgiving week in Los Angeles and Arcadia visiting friends and relatives.

Veteran police officer, C. A. Imus of Maywood, Calif., left Wednesday for home and job, after spending the past six weeks in DHS stopping at the Begole Apartments. Mr. Imus came here to cure a bronchial and sinus infection.

Tomorrow evening, Dec. 4, Mr. and Mrs. Cabot Yerra have charge of the Pot Luck dinner at the Improvement Association at Association Hall on Pierson Blvd. Anyone and everyone is invited. Only requirement is to bring along a pot of beans, sandwiches, or any hot dish or dessert convenient. Or come without a dish and drop your donation in the collection plate instead.

The Villagers will regret to know that Mrs. Donald R. MacAnnon is making final plans to leave very soon to live in San Francisco with her husband, recently acquired, for which she cannot be blamed! Mrs. MacAnnon is the gracious assistant to Miss Winsor, Post Mistress.

The staff of instructors at the DHS school, lead by Principal Kanya, sent out invitations to all parents to attend a meeting at the school last Tuesday evening at which time a Parents Teachers' Organization took shape.

Friends of Jesse Halsted will be sorry to know he has been ill with the flu. Mr. Halsted, a talented artist and artist, has had to retire from active work due to poor health. Mr. and Mrs. Halsted have had innumerable house guests, family, friends and relatives from out-of-town during the past two months since they returned to their desert home. It is hoped Mr. Halsted will soon fully recover his health.

## Cathedral Man Aid New Group

A new organization named "Desert Associates" is being formed in the desert area. The original meeting was held in the Fiesta House in Palm Springs and was attended by W. R. Hillery and L. C. Lewis from Cathedral City. The second meeting was held last Friday in Randall Henderson's office and was attended by Earl Kauffman and Harry Harper from Palm Springs, Don Cameron from Rancho Mirage, Dewey Wallace from 1000 Palms and L. C. Lewis from Cathedral City. Purpose of this organization is to advance the interests of the desert and to bring to fruition plans prepared by the Coachella Valley planning committee.

## Appeal Sounded by Village Red Cross for Christmas Cheer for Hospitalized Vets

Dr. Charles H. Baldwin, chairman of Palm Springs branch of the American Red Cross, announced at the last meeting of the publicity committee that he had received a letter from the Christmas chairman of the Riverside chapter, soliciting the aid of Palm Springs in playing "Santa Claus" to 600 men hospitalized at Corona Naval Hospital and March Air Field Base Hospital.

According to word received, these 600 men will be unable to spend Christmas with their families, and Red Cross is working to insure some kind of Christmas cheer for the service men.

**NAVAJO RUGS**  
AT  
**WHOLESALE**

With raw wool at the highest market price in history and a record bumper crop of pinon nuts now being harvested throughout the vast Navajo Reservation—practically no weaving is being done, therefore there is a scarcity of quality Navajo Rugs which condition will continue for quite some time to come. This fact, coupled with the price of wool, has made rug prices curve sharply upward.

A few weeks ago we were in a remote section of the Navajo Reservation where once we were a U. S. Licensed Government trader. We found a trader with a large hoarded stock of rugs that could be purchased ONLY IN ITS ENTIRETY. The chance was too good. We bought the lot at a lot price and believe us, they were purchased at a sensible figure. This was done however, with the knowledge that there were far too many rugs for us to handle in our store on a retail basis.

Therefore, after due consideration, we have decided to let you, the people who have made the Kiva Indian Store a success, participate in our good fortune. We offer first come, first served, approximately 75 of these 1st quality rugs at prices we guarantee are equal to the wholesale prices at Gallup, New Mexico warehouses at this moment.

This offer is naturally limited to the sale of this one group of rugs. When they are gone, the chance is gone and will not extend into or include the sale of our regular rug stock.

## MAYOR McGUP . . . By J. Jarvis

## I RISE TO REMARK

By CONGRESSMAN JOHN PHILLIPS

This might be called a "bed-side letter," but I would dislike to have it thought so. Some of you will recall the luncheon club president at the Hermet Fair dinner who announced his gauge for the length of a speech as, "The mind will only absorb what the seat will endure."

I must have listened too long somewhere. A small but deep blood vessel broke in a sensitive spot and for a week I've been laid up in Los Angeles. Mrs. Phillips came in to do the chores and keep me from getting lonely.

IT IS NOT COMFORTING to lie here and think of the Chinese situation. Our economic and political future is tied up with the Orient, rather than Europe. The Chinese have been fighting years before W. W. II started. They fought the same forces of communism against which we now call the world to unite.

To say the National government in China is corrupt, seems to be a crossing of Washington wires. This is the least corrupt of the governments that nation has had. We supported the Manchus, and the War Lords, much more corrupt. We send money, food, and help to Moscow's satellites in Europe. We send the production of America to Russia itself. Yet we deliberately

withheld the money actually promised China; we damaged deliberately, before delivery, the planes for China; and we piled, unshipped, the specially-sized ammunition for China's guns.

DO YOU WONDER that I rise occasionally to remark that the Russians have had friends in Washington, in the state department, and even in the White House, not the Chinese? Today's paper reports on page I the defeat, in a crucial battle, of the Chinese Army. This is the most serious blow to date. On page 13, the president is reported calling together the National security council, to figure out the money cost of helping China. The council adjourned without a decision.

That faint sound you hear in the distance could be the tolling of the bell that will lead not only America, but all free nations, to Armageddon.

THE BRITISH are digging potatoes; every available man, woman and child is recruited to work in the fields. There are no potatoes in Belgrade, and scarcity in most European countries. Kern county farmers and the Commodity Credit corporation, please note.

Incidentally, that gauge of the length of a speech is not the only one used in public life. A friend says that he doesn't mind the folks looking at their watches; it's when they shake them and hold them to their ears, to see if they've stopped, that he concludes he has talked long enough.

## Girl Scout News

## CLOTHING KITS SUCCESS

Girl Scouts are proud to announce the successful conclusion of their clothing drive for the needy overseas. Much of the credit for the success of the drive goes to Mrs. Harry Cissna for her tireless efforts as chairman in charge of the projects.

Thanks to the contribution of used clothing by Vagabonds, Mrs. Cissna reports that she was able to prepare eighty-one complete clothing kits. Some items necessary to complete the kits were purchased by funds earned by the Girl Scouts from the sale of calendars.

The problem of how to get the completed kits to the distribution center in Pasadena was solved by the generous offer of Jerry Nathanson (Jerry's Market) to pay the freight charges.

## CRAFTS FOR CHRISTMAS

All Brownie and Scout troops are busily engaged in taking advantage of the numerous handicraft facilities offered by the Village Scout organization in the making of Christmas gifts for their families and friends.

It is also their desire to prepare Christmas gifts for all of the needy children of the Village. In this respect they ask that any child having toys no longer used to please leave them at the fire station.

## Polio Situation Takes Sudden Serious Turn at County Seat

Polio situation at Riverside county hospital, 55 miles away, took a sudden serious turn Monday with six persons seriously ill. Three were in iron lungs.

The county hospital has only two iron lungs and borrowed a third this week from the Naval hospital. Further equipment is being sent from the National Infantile Paralysis Foundation in Los Angeles.

Dr. Henry Staley, county hospital chief, asked for and received authorization to hire 15

nurses, six packers and other emergency help. The National foundation will reimburse the county for the emergency help. Dee Beivel, its representative, told the board Monday.

Rod Abbott, chairman of the Riverside chapter of the Foundation, said the case did not represent a rise in the polio sweep. It was the gravity of the cases, not the number, which brought about the temporary crisis, he said.

Wells, and the End of the World," "Amos and His Advent Message," "When Jesus Comes—How will You Meet Him?"

## Bible Sunday To be Observed At St. Paul's

The second Sunday in Advent, Dec. 5, has been kept for centuries as Bible Sunday, to bring an annual renewed emphasis upon this Book of Books, the Holy Bible, and to encourage the many to emulate the few faithful souls who study it constantly for inspiration said the Rev. Robert M. Hogarth, rector, who will preach at duplicate services at 9:45 and 11:00 on St. Paul's words about the Bible, "Written for our Learning." Holy Communion will be celebrated both at 8:00 a. m. and 11:00 a. m. for all members and visitors, but it will be especially for all confirmed men and boys to make their annual corporate communion.

## Police Patrol Is Taking Over

By SANDY VEANO

No, it's not the "eyes of Texas" that are upon the students of P. S. H. S., but the eyes of the law! Yes sir, we even have our own private policeman here at our old alma mater, that is, at the more crucial moments of the day, say about lunch time. Don't jump the next time you see a couple of eyes peering at you from around a sage brush, not a coyote, only Sgt. How-Poe of the Palm Springs police force.

Sgt. Poe seems to be fascinated by the Field Club, he spends many of his leisure moments resting just inside the gates on his motorcycle. It must seem very peculiar to tourists the way "hot-rods" career gaily down Ramon road and then slow down so suddenly at the Field Club.

## Football Season Ends in Victory

Indians Down Blythe in Thriller, 25-20.

By CHUCK BLACKHART

Those who started their Thanksgiving dinner late and attended the Palm Springs vs. Blythe football game were rewarded by an exciting encounter won by the Indians, 25-20. They were amazed by long runs, beautifully completed passes, good tackling, hard blocking and last but not least, fine spirit shown by both teams and rooters. Lopez and Weiss each scored one t. d. and Johnny Black again was the scoring threat by counter-tering for the remaining two t. d's. Charlie Black made a nice catch of Weiss's 45 yd. pass. Dale Summers made a fine showing with his excellent play calling.

Styers was the big gun for the Yellow Jackets. He started the ball rolling on a 58 yd. run on the first play from scrimmage. Well, this is farewell to King Football for this year, with the Palm Springs Indians bidding goodby to the seniors, Humberto Lopez, Chuck Whisenand, Chuck Wilson, Jim Willis, Charles Craft and yours truly.

Tomorrow night the Indians start their basketball season.

## GAZOOZIT

By ANN WELLES

Hold on to your hats kids, here we go on a four day week-end that's got this writer gasping for breath!

The hectic holiday started Thursday when dozens of P. S. rooters took time off from Thanksgiving dinners (groan) to rally round and see Palm Springs beat Blythe 25 to 20 in a game that had everybody yelling like mad. Some of those were Celeste French, Nancy E. Mabel, Brownie, Arlene, Barbara Jones, Nancy Elbert, long lost Debbie Gordon, Vicki, Sandy, Katie, Nancy, and lots of others. As usual the ever faithful alumnae were there in force. Mort, Jay H., Bobby Jones, John Klug, Noel Brush, and Doro were back from yore. Happy Marilou?

Friday morning started off real good for the five lucky gals who took a jaunt to Balboa for a week-end at the Jones mansion (no less). Mary Pendrey, Beverly Brown, Adele W. Brownie B., and Babe Jones were the five wanderers. How'd you like that snappy speedboat ride, gals? Atomic age, they call it.

Friday night guys and their gals flocked. It looked like visitor's night at the Palladium. Mort was there with his buddies plus 3 fellows from Stanford and Elaine Nash. Pat Hurley and numerous others. Vicki was with Joe (Mort's pal), and somewhere in the scramble Jerry Mort's

buddy) and Speed (Sandy's) got together. It's not nearly as confusing as it sounds, believe me! Nancy and Jim, Katie and Pat, Mabel and Eddie, plus Chuck and Sandy completed the party (I hope).

Seen at the show that night were Jerry Malouf and his Cronies, Mary Louise Klug and her guest for the holiday Jean Hogg. On to Saturday night and the party at Giller's. Those seen there were Shirley and Giller, Landry and Donna, Mable and Eddie, Dixie and Jack Loez and Shirley LoLo and Wilson, Smitty and Norma, Bob Jones and Marlene W.

The Horror Show at the Palm Springs Theater had the interest of a bunch of PSHS students in the wee small hours of 12 to 3. More fun. Those venturesome lads and lasses were Mabel and Eddie, Elaine and Jack, Chuck and Bob Hall and a very cute blonde from out of town and stags galore. Say kids, were those chills from the picture or the weather.

One last item. Audrey and Frank spent a wild week-end over a mad mad monopoly game! Whew. As somebody said once "the time has come." I should hope so! If anything happened Sunday yours truly didn't hear about it and so I bid you a fond farewell as my little pen goes sliding over-the-last-of-the-page.—

## School Spirit

Rambling round the campus your inquiring reporter hailed representative students to quiz them on this week's problem: "What Do You Think Could be Done to Improve School Spirit." Freshman Joanie Baker said "I think that more kids should enter into class and school projects." Mildred Krug who is a senior

## Name Miss Jones D.A.R. Candidate

Barbara Jones has been appointed the Palm Springs high school candidate for the DAR Good Citizenship contest for 1948 according to an announcement by Dr. E. E. Oertel, principal.

Selection of the candidate was made on the basis of her high school citizenship during the last three years.

Sponsorship of the local contest is one of the first activities of the recently established Palm Springs Chapter of the DAR.

Palm Springs high has never been able to enter the contest before because of lack of a local chapter.

The award for this statewide contest is a \$100 bond to be given at the end of the school term.

## Psychology Class Started

A psychology course is being conducted during activity period by Dr. Simpson at the P.S.H.S. This psychology course consists of learning to analyze one's self and also analyze other people. The object of the course is to get through life with a little friction and as much self control as possible.

## Bennett Will Again Head Desert Circus

Dates for 1949  
Event Fixed as  
March 30-April 2

Annual meeting of Palm Springs Circus association, held in the Fiesta House of the Desert Inn Monday, was featured with the re-election of Frank Bennett as president for the third successive year.

Following the election of directors, all of whom have served on the board since the organization of the Circus association, date for Circus Week was set to run from March 30 to April 2, 1949.

OTHER OFFICERS elected were Florian Boyd as vice-president. He was treasurer last year. Francis Crocker succeeded Arthur Bailey as secretary who in turn was elected to the office of treasurer.

Members authorized the leasing of an office at a rental not to exceed \$150 where the activity of the association can be centered, when work on the 1949 circus week starts.

THE CIRCUS ASSOCIATION was informed that it will not have to pay income tax to the federal government because it is a non-profit organization, it was reported at the meeting.

Gross receipts of the 1948 Circus Week amounted to approximately \$15,000 with a net of \$12,000 that will be equally divided between the following organizations: The Girl Scouts, Boy Scouts, Boys' Club, Community Hospital, Desert Museum and the Welfare and Friendly Aid Association. Division of this money to the organizations named was voted at the May meeting of the Circus Association last May.

## Palomar Savant Speaks Before Museum Throng

Before a capacity audience at Desert Museum Saturday night, Dr. Ralph E. Wilson of the staff of Palomar Observatory presented a short talk and showed an excellent color-sound movie on the world's greatest telescope at Palomar, and of the polishing of the lens.

Dr. Wilson discussed briefly three questions which can be solved when the telescope is put into use: whether there are man-made canals on Mars, the nature of the sun's energy, and whether we are in an expanding universe.

the PSP trains... Among other things, he pointed out that this was the 20th edition of the company's Palm Springs folders... They started putting them out in 1928... After he left I discovered I'd been taking notes on one of those Santa Fe pads Jay Rollman left me.

REMEMBER Bobby Parker, local news writer?... She's now editor of the "Party Line" Hawaiian Telephone company magazine... But she won't be long... She's coming back to the mainland for Christmas and plans to be married in January. John Archibald, who discovered a neat way to handle a parking ticket... He was standing in front of the P. S. Drug the other day when a Village character he identified as George, came up... An overtime ticket was stuck in the windshield wiper of George's car. "I'll take care of that," George muttered. He started the motor and turned on the windshield wiper... That fixed the ticket.

IN TOWN is Johnny Reed, writer of many popular hit tunes... He's got a new one and also a new idea... He's advertising for a Village residence lot and says in payment he'll give all the rights to his latest number: "Don't Say It With Ink"... Wants to buy property for a song here... The copies of the song which have to do with foolish young fellows who write notes to girls in ink and sign 'em and the dire results, are unique... They look like photostatic reproductions but they are not... There isn't a bit of ink on them... They're printed in vegetable dye... Mary McKeighen has lived in Palm Springs for five years and worked all of that time... Soon she's going to get married in San Francisco... "And we'll spend our honeymoon in Palm Springs... I want to be a tourist, too," she said.

JUST 18 days (shopping) until Christmas... I suppose you have all of your Yule shopping done, as I have... If you have it done as I have, you'd better get busy and start.

## Report on Frolic Reveals Success Of Great Affair

Final report and tally on the recent Homecoming Party at which almost 4000 townspeople gathered at The Stables for an evening of fun and frolic was made by Earle O'Day, chamber of commerce manager Wednesday.

With the final audit of the party under the direction of President Charles Mathews and the party co-chairmen, Milt Hicks, Vic Sudana and Max Dresdner, it was revealed last night the net gain for the chamber was \$3120.71.

President Mathews, in a statement last night, was most gratified at the results of the party—both from a social and financial standpoint—and expressed his thanks, on behalf of the entire chamber membership, to the townspeople who contributed to make the party the success it was.

The occasion was twofold: to assist chamber financing and to provide a party strictly for townspeople at which they could mingle and get better acquainted.

## Auxiliary Plans Meeting Dec. 7 On Rehabilitation

Rehabilitation will be the theme of the December 7 meeting of Palm Springs American Legion auxiliary, it was announced yesterday. Mrs. Helen Allen will be in charge of the program.

December is Rehabilitation Month for the American Legion auxiliary and special programs are planned for the week.

Reports of work done will be presented at the December 7 meeting and Dr. James E. Potter will highlight the evening's program by speaking on the same subject. Dr. Potter is well qualified to be on this program for he has served both in peace and war in his profession and so knows the many problems confronting the veteran and can give guidance to activities which will enable us to more effectively carry on rehabilitation work as the needs arise in our own community.

Cadillac

PRESENTS ITS CREATIVE MASTERPIECE...

...The world's newest engine—for the world's finest car!

No Cadillac announcement has ever been more significant than the one which appears on this page. For, this year, Cadillac presents its creative masterpiece—a wholly new V-type eight-cylinder engine—which is, beyond all doubt, the highest development yet attained in automotive power plants. This great power plant has been twelve years in the building—for basic development work started in 1936. It has many unusual qualities which set it apart from all other creations of its kind. It is far more alert, powerful and responsive to the throttle—yet it affords an increase in gasolene economy of approximately twenty per cent. And the manner of its performance actually challenges the imagination. It is liquid smooth; it is quick and eager beyond all experience; yet the power application is so effortless that

the driver is scarcely aware of the engine's existence. The car seems almost to move by automatic propulsion. Even experienced Cadillac owners must put aside all previous conceptions of performance when they drive the 1949 Cadillac. It is a revelation—from silken start to silken stop. There are, of course, many other advancements in addition to the history-making engine. There is new beauty in the front ensemble; there is a newly-designed, more attractive instrument panel, with all driving controls at your finger tips; and throughout the chassis and body will be found those characteristic refinements which result from Cadillac's unceasing search for perfection. But the big Cadillac story, for 1949, is performance. It is not only the world's new standard—it is beyond the world's current conception.

THE NEW 1949 CADILLAC IS NOW ON DISPLAY
